Gallagher's Healthcare Practice team delivers:

Regulatory Expertise

Custom solutions to mitigate your level of risk of healthcare fraud and abuse.

Industry Insight

Understanding of healthcare industry-specific needs and implementation of a strategic risk program for your business.

MedSecure

Gallagher's proprietary MedSecure program addresses regulatory indemnity defense and penalties with no coinsurance.

Cyber+

Gallagher's proprietary Cyber+ program adds regulatory liability coverage to cyber insurance for medical groups and small to medium healthcare organizations.

CORE360™ is our unique, comprehensive approach of evaluating your risk management program that leverages our analytical tools and diverse resources for customized, maximum impact on six cost drivers of your total cost of risk.

We consult with you to understand all of your actual and potential costs, and the strategic options to reallocate these costs with smart, actionable insights. This will empower you to know, to control and to minimize your total cost of risk and improve your profitability.

PROGRAM STRUCTURE

Evaluate how the individual pieces of your program work together, as well as how you balance your risk appetite against your loss experience to help minimize overlap and overpayment based on your unique needs.

COVERAGE GAPS

Identify potential costs from any gaps in existing policies, such as sublimits, removable exclusions and extensions of coverage to mitigate your risk of E&O liability.

UNINSURED & UNINSURABLE LOSSES

Identify potential or actual costs of any risks you knowingly or unknowingly leave uninsured or are uninsurable through our vast network of experts who can provide actionable advice and develop creative solutions.

LOSS PREVENTION & CLAIMS

Dedicated teams examine your participation in a loss, and how you minimize costs through appropriate loss prevention programs and claims management.

That's how Gallagher helps protect your business from the evolving requirements in regulatory liability.
