

**LBMC**  
HEALTH+CARE

## Why Telehealth?

- Expand geographical reach - specifically to non-urban and new markets
- Help optimize flexibility to combat physician burnout and turnover
- Boost patient and physician engagement
- Improve organizational productivity and efficiency
- Reduce healthcare service costs and improve physician collaboration
- Provide patients with timely and convenient access to care, regardless of location

**Physician telehealth adoption increased by 300% in the past 3 years.**

 T (615) 762-3210

Josh is an experienced Healthcare Information Technology professional, with a passion for healthcare, people, and new innovative technology. He helps business leaders find solutions to complex issues by leveraging technology. He has a wealth of experience in Telehealth strategy and implementation, Regulatory compliance, Population Health management, and overall Healthcare operations.

He has served in multiple leadership roles, most recently as HIT Manager and Director of Telehealth. He has worked with a wide range of organizations, including hospitals, physician practices and FQHC's on numerous projects.

Josh holds a bachelor's degree in Communications and a Graduate Certificate in Healthcare Administration & Planning from Tennessee State University. He is a certified Lean Six Sigma Greenbelt in Healthcare, and he has more than 10 years of experience with EMR Implementations, workflow redesigns and optimization, and integration of Digital Health software to help improve operational efficiencies.

He is involved in many healthcare organizations. He serves as a Board Ambassador for the TN Chapter of HIMSS and is an Advisory Council member for the South-Central Telehealth Resource Center. He also sits on the Tennessee Telehealth Taskforce and is an active member of Leadership Healthcare.
